Service Hours

Service is an important part of our Catholic faith and thus part of our formation program. Students are asked to spend at least 15 hours doing service during the 2 year confirmation formation program. We will be providing monthly options for the students to participate in or they can find service opportunities on their own.

Recognizing how busy our teens are, we have worked hard to provide a quality program in as few of sessions as possible. With that in mind, all classes and events have become that much more important so we ask every effort be made to attend every class and event.
