

A few notes about Oct and All Saints' Day. Confirmation Masses will be held at the 5pm Masses on 10/26 and 10/27. We have extra EMs scheduled for these 2 Masses. Please be aware that we also have an extra EM scheduled at the 7:30 on 10/20 and 10/27. November 1st is All Saints' Day. It is at the bottom of the schedule, I can add (first come first serve by email) any EM that will be able to serve for the Holy Day.

## Continue Scrolling Down & Left and Right if Necessary to See Entire EM Schedule

1. At each Mass, except Sunday at 5pm, we need 4 EMs. If a deacon is serving, then we only need 3, (except for Sunday, 5pm). Two EMs should go to the parking lot side.
2. If there aren't enough EMs, and you are available to serve, please feel free to serve. Do **NOT** approach the altar, to act as a substitute EM, **until the end of the Lamb of God**. This allows the scheduled servers, at the back of the church or in the middle of an aisle, time to arrive.
3. New Sunday morning EMs; please introduce yourself to Stephanie Williams. Each Sunday morning, Stephanie ensures that there are enough EMs to serve at Mass. If there aren't, she may seek you to help. If you can't remember if you are serving, Stephanie will be able to tell you.
4. If you need to request special Mass times or specific dates for the upcoming month, email me as soon as you know. I won't be sending reminder emails any longer.
5. If you can't make your scheduled Mass, please be sure to "reply all" to this message and find a substitute. If you can fill in, please "reply all" to the request so everyone knows who is filling in as a substitute.
6. The schedule is posted to: <https://www.holyfamilyduxbury.org/ministries-schedules>. If you need to check before the start of Mass, the schedule should also be posted in the narthex. If you are having problems getting the emails or figuring out the scheduling, please email me. We can figure out how to make sure you know when you are scheduled.
7. If you would like to access the spreadsheet, along with the contact information of substitutes, here's the link:
